

Dazzle* ZiO!

The Ultimate Portable Digital Media Reader For
Work, Home and on the Go!

The Dazzle ZiO! is designed for people on the go who have digital cameras and other devices using CompactFlash™, SmartMedia™, SD/MMC™ or Memory Stick™ Media. Eliminate the need to hook up your camera or other device directly to the computer which is not only a hassle but drains the device's battery. The ZiO! can be plugged in directly to a standard USB port or used with the included detachable cable.

The ZiO! has a stylish, rugged and compact design, which makes it convenient to take between home, work or even when you travel. The Dazzle ZiO! also comes with Dazzle OnDVD™ software, which lets you make digital photo albums and burn them to a CD for playback on your DVD player.

Designed for the
Windows XP Experience

Key Features

Transfer Data up to 50x Faster

ZiO! Readers make it easy to transfer data between your computer and your digital camera, MP3 player, PDA, or any other portable device in less time, while saving battery life of the digital device.

Create Slideshows for DVD

Dazzle OnDVD software allows users of digital cameras to organize their digital pictures into a slide show, burn to a CD and view on a home DVD Player.

Use With A PC Or Mac

ZiO! Readers connect quickly to your PC or Mac via the USB Port. The Dazzle ZiO! acts like a removable disk drive. Simply insert your digital media into the ZiO! for fast and easy data transfer.

Designed for the User on the Go

The optional USB cable gives you the choice of a cabled reader for your desktop computer, or without a cable to enhance the portability for your laptop. The Dazzle ZiO! is designed to be robust and compact making it a perfect compliment to any digital device.

Use With Any Digital Data Device

Any device that uses removable flash memory cards can be enhanced by using Dazzle Digital Media Readers. Data collected on flash memory cards in these devices can be instantly transferred to a computer without even having the device present!

The Ultimate Portable Digital Media Reader for Work, Home and on the Go!

Transfer Data up to 50x Faster

High speed data transfer between your computer and your digital portable device.

Use with Your Desktop or Laptop

The optional USB cable gives you the convenience of a cabled reader on your desktop computer, and the portability to take with you anywhere on your laptop.

Create Slideshows on DVD

With Dazzle OnDVD software, you can make a photo slideshow and burn a CD for playback on your DVD player.

Use With PC or Mac

Download pictures, music or other data files without using the battery of the digital device, or dealing with cumbersome cables.

Acts as a Removable Disk Drive

Simply insert your digital media into the Dazzle ZiO! for fast and easy data transfer.

Designed for the User on the Go

The Dazzle ZiO! is designed to be robust and compact making it a perfect compliment to any digital device.

Dazzle*

Digital cameras allow you to take an unlimited number of photographs that can quickly pile up on your computer and become difficult to manage. With OnDVD, you can take digital pictures and turn them into photo albums for your DVD player!

Simply select and arrange your photos like an old-fashioned slideshow and burn a CD. OnDVD makes it simple to turn your digital images into photo albums you can watch on your TV!
